MANY EMINENT PHYSICIANS RECOMMEND WING'S
FARIN CRACKERS AS THE MOST USEFUL MEDICINE FOR
PREGNANCY, particularly for ladies. It is found that at such times
as it may be necessary for patients to confine themselves to food
free from all fiery tendency, these Crackers prove to be most
excellent.

The action of this food, and its ready assimilation with
the juice of the stomach, it is believed, render this article
superior to the ordinary preparations resorted to while
under medical treatment.

In a state of pregnancy, or when food is necessary which
does not require digesting, such WING'S CRACKERS in
cold water until they separate into spongy, tender flakes; then,
if necessary, warm and sweeten, or flavor as shall be most
convenient. When proper good may be had, the
contents of these Crackers will be found to be delicate nourish-
ments prepared that can be conceived of, not only for adults,
but those of a tender age.

Ask your druggist for

WING'S CRACKERS,
and take none but those stamped with the name
"WING."

These may be had of the best druggists generally, and at
wholesale only.
